To Whom It May Concern,

Currently, I invest in properties and resell or rent them out. I have worked with the LJ Michael Agency for five years. During these years, I have purchased and sold property in Parke, Fountain, Montgomery, and Clay Counties with LJ Michaels. During this period, I have gained a lot of respect for the Broker, CY Marlow. CY takes a personal interest in each customer that "walks through the door," whether the contact is in person or by Internet/telephone. It is amazing how LJ Michaels has grown. I watch the house listing on line at least once a day. It is amazing to see the fluctuation listings from the LJ Michael Agency even on a day by day basis.

Cy is a very professional person who has guided me through the right avenues when times can be trying. He is very patient with customers like me who like to get in to a hurry at times.

If you visit the LJ Michaels Office, you can feel the since of teamwork which exist with in the agency. The staff is very friendly and has the same goal in mind and that is getting the job.

I have much respect for Cy. He has given me the inspiration to become a salesperson, myself. I plan on courses soon.

Thank you Cy Marlow and the LJ Michaels Team for all your hard work and dedication.

Sincerely,

Ted Pearson
